If legislation is passed that would allow an incoming Housestaff Officer to receive Health Benefits during the first two months of employment with the University Hospital, the hospital will not have to pay the above allowance.

ARTICLE VI

LEAVES

A. Vacations

1. All Housestaff Officers shall be entitled to four (4) weeks of paid vacation to be scheduled in accordance with departmental policy, which policy shall not preclude scheduling of vacation in two (2) week blocks. Whenever a holiday falls within a vacation period, the individual Housestaff Officer shall be entitled to an extra vacation day. Pro-rata earning of vacation is one and two-thirds (1 2/3) days for each full month of employment.
2. Individual Housestaff Officers shall, on or before September 1 of each year, submit in writing to his/her Residency Program Director all requests for vacation leave. The Program Director, after review of the needs of the services and rotation schedules, will make reasonable efforts to honor the individual request.
3. Should any Housestaff Officer fail to submit his/her vacation leave request on or before September 1st of each year, the Residency Program Director shall, after scheduling the vacation leaves of the other Housestaff Officers have the right to schedule vacation leave for those failing to meet the September 1 submission date. Once the vacation schedule is established, it will normally be available to the employee except where an emergency mandates rescheduling.
5. One week of scheduled vacation is defined as seven (7) consecutive twenty-four (24) hour days off during which there is no assignment of work. If less than a week's vacation leave is requested, each day requested shall be one-fifth (1/5) of a vacation week.
6. The parties acknowledge that Housestaff Officers are credited with vacation leave time in anticipation of continued employment for the full year. In the event a Housestaff Officer leaves pay status during the course of the year, his/her vacation leave accrual shall be adjusted on a pro-rata basis in order to determine the proper amount of leave time to which the Housestaff Officer is entitled. In the event the Housestaff Officer has no vacation leave balances, such Housestaff Officer shall reimburse the University for any overdraft of leave time.
7. University Hospital will make a reasonable effort not to assign Housestaff Officers on-call duty (including beeper calls) or to make rounds on the weekend immediately preceding or following their scheduled vacation.

B. Sick Leave

All HSO's will be credited with twelve (12) sick leave days at the beginning of each academic year. They can accumulate up to thirty-six (36) sick leave days.

1. Sick leave shall be used when an HSO is unable to work due to illness or personal injury.

2. The HSO must notify his/her Chief Resident or Program Director of his/her inability to work.
3. Approval for use of this time shall not be unreasonably denied by the Program Director.
4. The department is responsible for maintaining a record of usage of sick leave for each year.
5. First year residents or residents in their initial year of appointment are not eligible to use sick time until three full months have been completed.
6. Negotiations unit members are responsible for making up any unworked time after the end of the academic year as determined by accreditation standards. Such additional work time after the end of the academic year shall be paid up to four months if needed. Whether time is needed to complete the requirements is up to the Residency Program Director in consultation and collaboration with Rutgers New Jersey Medical School Dean of GME who together have the sole discretion to approve or deny such request. The decision is not subject to the grievance procedure.

C. New Jersey Earned Sick Leave

1. Employees accrue one (1) hour New Jersey Earned Sick Leave for every 30 hours worked for a maximum of forty (40) hours in a benefit year, July 1st to June 30th.
2. Employees can only carry over forty (40) hours of New Jersey Earned Sick leave from one (1) benefit year to the next.
3. Employees may use only forty (40) hours of New Jersey Earned Sick Leave in a benefit year. New Jersey Earned Sick Leave shall run concurrently with FMLA and NJFLA.

D. Medical and Family Leave

Eligibility

HSO's employed for at least twelve (12) months, and who have at least 1,000 hours of worked time for the Hospital during the twelve (12) month period immediately preceding the leave will be eligible. Time spent on leave during the twelve (12) month period immediately preceding the leave shall not be counted in determining whether an employee has reached the 1,000 hours of work threshold regardless of whether such leave was paid or unpaid.

Medical/FMLA leave of absence for self is:

An absence from work for a specific period for an illness or injury (serious health condition) with the approval of the Department of Human Resources. University Hospital may, at its discretion, designate HSO absences of three (3) consecutive days or more as FMLA leave if the absences qualify as such and regardless of whether the HSO has applied for leave. Leaves are taken with the understanding that the HSO will return to work at the conclusion of the leave.

For HSOs taking medical/FMLA leave for self, the maximum leave allowed will be twelve (12) weeks. All paid sick time accruals must be utilized first, then float holidays and vacation accruals may be used at the HSO's option. For HSOs applying for New Jersey Temporary Disability, they must use up to two (2) weeks of accrued sick time based on the standard week of their job classification which will be **prorated** for Part-Time employees. However, no employee shall be required to use any accrued sick time which would result in their having less than one (1) weeks' worth of that time. This will be **prorated** for Part-Time employees. The statutory 12-week FMLA shall run concurrent with the first 12 weeks of such leave.

FMLA leave of absence for family member:

For HSOs taking FMLA leave to care for a family member for a serious illness, the maximum leave allowed is twelve (12) weeks. Paid leave time must include a maximum of (10) days of accrued sick time (utilized first) and then, at the HSO's option, float holidays and vacation accruals.

For HSOs taking FMLA leave to care for a family member with a catastrophic illness (defined as an illness, injury, impairment, or physical or mental condition that a licensed physician or certified practitioner certifies as life threatening or terminal), the maximum leave allowed is twelve (12) weeks. Paid leave time must include ten (10) sick days (utilized first), and then, at the HSO's option, float holidays and vacation accruals. If additional time is required beyond the initial ten (10) sick days, and the HSO has exhausted float holidays and vacation accruals, additional sick days may then be used for the remainder of the twelve (12) week maximum leave allowed under the terms of this policy.

FMLA leave of absence for birth or adoption:

An approved leave from employment to enable an HSO to provide necessary care due to the birth, adoption or foster care of a child by the employee and/or spouse. Intermittent or reduced schedule leaves are not allowed for birth or adoption.

The maximum leave allowed for birth, adoption or foster care of a child is twelve (12) weeks. At least ten (10) days of accrued vacation and float holidays must be used if applying for New Jersey Paid Family Leave Insurance. If not applying for New Jersey Paid Family Leave Insurance, it shall be the HSO's option whether to use accrued vacation and float holidays or take the leave as unpaid. In either event, leave shall not exceed the allowed twelve (12) weeks within a rolling 12-month period.

Intermittent/Reduced Leave of Absence for Self/Family Members:

An employee does not need to use FMLA entitlement in one (1) block. Leave can be taken intermittently or on a reduced schedule when medically necessary. Employees must make a reasonable effort to schedule leave for planned medical treatment so as not to unduly disrupt the employer's operations. Employees on approved Intermittent Leaves of Absence must follow departmental procedure to notify the immediate supervisor referencing the need for FMLA leave daily. Calling in "sick" is not enough to trigger the FMLA requirements. Intermittent leave runs concurrent with FMLA at all times.

Intermittent/Reduced Schedule FMLA Leave for Self:

For employees taking Medical/FMLA leave for self, Housestaff Officers shall be entitled to the equivalent of twelve (12) workweeks of maximum leave days. All paid sick time accruals must be utilized first, then float holidays and vacation accruals may be used at the employee's option.

Intermittent/Reduced Schedule FMLA Leave for Family Member:

For employees taking Intermittent/Reduced FMLA leave to care for a family member for a serious illness, Housestaff Officers shall be entitled to the equivalent of twelve (12) work weeks of maximum leave. Housestaff Officers may, at their option, utilize paid leave when taking intermittent/reduced FMLA leave to care for a family member with a serious illness. Housestaff Officers doing so must first utilize a maximum of (10) days of accrued sick time, and then, if they so choose, float holidays and vacation accruals.

NEW JERSEY PAID FAMILY LEAVE ACT PROVISIONS

Effective July 1, 2009, New Jersey enacted Paid Family Leave that provides employees with up to six (6) weeks of paid leave in a 12-month period to care for newborns, newly adopted children or seriously ill family members. The paid leave is a partial wage replacement benefit administered and paid by the New Jersey Department of Labor and Workforce Development, Division of Temporary Disability Insurance. It allows an employee to receive his or her weekly compensation up to a maximum amount per week as determined by the New Jersey Department of Labor and Workforce Development.

Negotiations unit members are responsible for making up any unworked time after the end of the academic year as determined by accreditation standards. Such additional work time after the end of the academic year shall be paid up to four months if needed. Whether and how much time is needed to complete the requirements is up to the Residency Program Director who has sole discretion to make such determinations. The decision is not subject to the grievance procedure.

E. Bereavement Leave

1. Immediate Family Member

At the time of death of an immediate family member, an employee will be granted bereavement leave hours equal to up to three (3) days provided paid sick leave or other paid leave is accumulated to the credit of the employee and is so charged. The employee will be salary deleted if employee has no available time to use.

Members of the immediate family are defined as spouse, domestic partner, civil union partner, parent, child, grandparent, grandchild, brother or sister, parent-in-law, or other relative or significant other living in the employee's household. The definition of "parent" and "child" is as defined by the Hospital's FMLA policy. At the time of death of a significant other who is not living in the employee's household, such request shall not be unreasonably denied.

2. Other Family Member

When the death of a brother-in-law or sister-in-law, aunt or uncle, niece or nephew occurs, up to one (1) day for bereavement leave will be granted to an employee, provided paid sick leave or other paid leave is accumulated to the credit of the employee, and is so charged. The employee will be salary deleted **if the employee** has no available time to use.

3. Use Within Thirty (30) Days

Bereavement leave time must be used within thirty (30) days of informing the Residency Program Director of the death of the family member. If an employee requests to use bereavement leave time beyond the thirty (30) day period, such request shall not be unreasonably denied.

4. Extension of Bereavement Leave

If an employee wishes to extend the leave beyond that described above due to travel or other responsibilities, such request will not be unreasonably denied, but that time will be deducted from the employee's accumulated vacation or float holiday time. If vacation or float holiday time is not available, **the employee may** request unpaid leave. Documents justifying the extension of bereavement leave must be produced.

5. Proof of Death

The Residency Program Director retains the right to request and receive written verification of the death. (Examples may include a funeral program or obituary.)

6. Eligibility

The following employees are eligible to receive bereavement leave benefits: Regular Full-Time Housestaff Officer. Casual, Per Diem, and Temporary Housestaff Officers are not entitled to benefits provided by this section.

Additional leave may be granted as may be necessary without pay upon request to the Residency Program Director.

F. Leave for American Podiatric Medical Licensing Exam (APMLE) or National Boards

Housestaff Officers will be permitted to take one (1) day paid leave for the purpose of taking the APMLE or other licensing examination. This shall not be charged against vacation time and such paid leave shall be permitted one time only.

G. Holidays

1. a) All University Hospital Housestaff Officers, wherever assigned, shall be entitled to all University Hospital holidays. University Hospital shall exercise its best efforts to ensure that Housestaff on rotation to an affiliate facility are granted all University Hospital holidays on the day they occur.

b) Effective upon the date of this agreement, University Hospital holidays are: New Year's Day, Martin Luther King's Birthday, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Day after Thanksgiving, Christmas, and three (3) float holidays. Per the approved request form, a Housestaff officer shall submit his/her written request for a float holiday at least seven (7) calendar days in advance. Such requests will not be unreasonably denied.
2. Housestaff Officers who work (including beeper calls) on a scheduled holiday shall be

granted an alternate day off or shall receive an additional day's pay in lieu of the holiday. (This provision does not apply to the float holidays). Working on a holiday shall be defined as being prospectively assigned to work a full shift (8 or more hours) on the day of the holiday.

An on call shift from the prior day extending into the holiday does not result in an alternate day off or additional pay.

Housestaff Officers who are assigned to report to work in order to round or for procedure on patients, but do not work a full shift, on a holiday, will be eligible for four (4) hours of alternate time off or additional pay.

Holidays at the end of the academic year (i.e., Memorial Day) may have the alternate day off requested and utilized in advance of the holiday worked; however if the HSO does not actually work on the holiday, the HSO shall reimburse University Hospital for the paid time off.

When a Housestaff Officer is scheduled to work a holiday, it is the Housestaff Officer's responsibility to submit the request for an alternate day off (using the form previously agreed to) within 10 business days of the holiday worked. If the form is not returned to the Housestaff Officer within ten (10) business days, the Housestaff Officer shall be paid for the holiday worked.

Scheduling of alternate days off shall be with the approval of the Residency Program Director or designee, as appropriate. In the event that an alternate day off cannot be granted within 2 months of the holiday, holiday pay shall be granted. Pay in lieu of a holiday shall be at the rate of one tenth (1/10) of bi-weekly pay.

3. Observance of holidays for Housestaff members on a seven (7) day work week schedule, when a holiday falls on a Saturday or Sunday, shall be observed on that day.
4. When the Chief Resident distributes schedules to Housestaff Officers during months that contain holidays, the University Hospital Compensation Day/Reimbursement Form shall be attached.

ARTICLE VII

INDIVIDUAL CONTRACTS

- A. Any written individual contract between University Hospital and an individual Housestaff Officer, hereafter executed, shall be subject to and consistent with the terms and conditions of this Agreement. Where such contract is inconsistent with this Agreement, this Agreement, during its duration, shall be controlling. University Hospital shall give the CIR thirty (30) days' notice of any changes to the individual contract forms.
- B. Each Housestaff Officer shall, prior to his/her employment, receive a written individual contract which shall set forth University Hospital's commitment to each Officer.

- C. University Hospital will make a good faith effort to maintain such electives and rotational schedules in keeping with nationally established guidelines of the program and the needs and goals of University Hospital. In the event that circumstances necessitate changes in electives or rotational schedules, University Hospital will notify the involved individuals in advance (which shall be at least two weeks, except in case of emergency) and discuss available alternatives.
- D. The place of medical education shall not be the sole criterion used to determine rotational assignments or non-renewal. Failure to pass the first Licensing Examination shall not be the sole criterion for dismissal of a Housestaff Officer during the term of an individual contract.
- E. Housestaff Officers who have July 1st appointments will be notified, in writing, by December 15th of the first year of service and not later than November 15th of the second year of service and thereafter, if their services are not to be renewed for the next year of a given residency training program. In the event that a Housestaff Officer commences work on a date other than July 1st, the last date for non-renewal shall be five and a half (5 1/2) months or four and one half (4 1/2) months, respectively, following the date on which such work commences. Where practicable, earlier written notice of non-renewal will be given to such Housestaff Officers.
- F. Housestaff Officers have an obligation in the matter of resignation. Except in the case of resignation for health or other reasons beyond the control of the Housestaff Officer, it is expected that he/she shall continue to serve the term of his/her appointment.
- G. Whenever it becomes apparent that a Housestaff Officer is not achieving satisfactory standards of performance, the deficiencies should be brought to his/her attention in writing at the earliest time in order to assist in the development of corrective measures.
- H. University Hospital will make a good faith effort to continue the CPME specialty training program to which a Housestaff Officer is assigned. Within twenty (20) days of receipt of notice of non-accreditation or probation, University Hospital shall make a good faith effort to notify all affected Housestaff Officers of the decision/notice. Such notice shall be mailed or hand delivered to the affected Housestaff Officers. Claims by Housestaff Officers that they were not notified shall not be subject to grievance/arbitration proceedings.

University Hospital will notify each Housestaff Officer affected and CIR

1. as soon as reasonably possible of a decision to discontinue any training program for any reason;
2. as soon as reasonably possible upon receipt from the CPME of any notification regarding non-accreditation or probation or similar change in the professional status of any training program;
3. as soon as reasonably possible of any decision to merge or close.

In the event of a termination, transfer, or reduction in size of a residency program, University Hospital will make a good faith effort to place affected Housestaff Officers in another accredited residency program outside University Hospital by placing a notice on Listserve of HSO(s) availability. At the time University Hospital informs residents of a termination, transfer, or reduction of a residency program, the University shall provide a list of resources including contact names, addresses and phone numbers which may be helpful in HSOs' search for placement.

ARTICLE VIII

WORK SCHEDULES

- A. University Hospital will adhere to the Accreditation Council for Graduate Medical Education (ACGME) guidelines on resident duty hours, until state and /or federal law supersede it. In addition, the following shall remain in effect:
- B. There shall be no increase in the number of on-call assignments in existing departmental on-call schedules during the period of this Agreement except as herein provided in the ACGME guidelines.
- C. During the term of this Agreement, nothing in this article shall be interpreted as barring the parties, from mutually agreeing to alternate scheduling patterns for particular programs.
- D. When an accrediting board requires an increase in on-call schedules, the Union shall receive a copy of the directive and the increase shall thereafter be implemented.
- E. No exception to the contractual limits shall be made except with the prior written consent of CIR.
- F. Housestaff Officers shall be paid for any on-call duty in excess of the ACGME guidelines or as otherwise stated in this contract at a flat rate of \$150.00. From July 1 through October 31, PGY 3 residents will not be eligible for extra call pay.

Extra on-call also includes extra shifts worked to fill in for a colleague who is on an extended sick leave or extended absence.

- G. Housestaff Officers shall not be routinely or regularly assigned to tasks which are clearly not within their normal responsibilities as Housestaff Officers. In such instances, a Housestaff Officer may not refuse to perform the task (s), however, the Housestaff Officer may file an informal grievance with the Residency Program Director and the decision will be final and binding.

Dismissal from service based upon a layoff or operational changes made by University Hospital shall not be construed to be discipline.
 - b. Counseling, although in writing, is not to be punitive or considered discipline and shall not be placed in the Housestaff Officer's central personnel file. Counseling notices are a part of the performance improvement process and is an opportunity for the program to constructively discuss with a Housestaff Officer observations made about performance or behavior that is impacting productivity or workplace morale.

5. The fees and expenses of the Arbitrator and the recording of the procedure shall be divided equally between the parties. Any other costs shall be borne by the party incurring the cost. The remedy in disciplinary actions will be limited to back pay and/or reinstatement to the Housestaff Officer's position. However, this shall not preempt or preclude a Housestaff Officer from seeking appropriate relief for any post-residency damages in any judicial forum or administrative agency.
6. Expedited Arbitration. Should either party assert that the grievance is barred or waived by the grieving party's failure to follow procedures or adhere to the time limits specified in this Article, the party shall file a separate Demand for Expedited Arbitration with the New Jersey Board of Mediation. The filing of a Demand for Expedited Arbitration based upon an alleged failure to follow procedures or adhere to time limits shall be made within 15 calendar days of receipt of the written decision from the hearing officer or Director of Labor Relations. The parties shall agree upon a list of 10 arbitrators from the Board's Panel of Arbitrators from which an arbitrator will be selected to hear expedited cases.

ARTICLE XIV

GRIEVANCE PROCEDURE

A. Purpose

1. The purpose of this procedure is to assure prompt, fair and equitable resolution of disputes concerning terms and conditions of employment arising from the administration of this Agreement by providing the sole and exclusive vehicle set forth in this Article for adjusting and settling grievances.
2. It is agreed that the individual HSO is entitled to utilize this grievance procedure and to have Union representation in accordance with the provisions thereof. He/She shall not be coerced, intimidated or suffer any reprisals as a direct or indirect result of its use.
3. Matters pertaining to non-reappointment shall be grievable under this Agreement only upon the basis of claimed violations involving discriminatory treatment in violation of Article II, Discrimination, or Article VII, Individual Contracts.

B. Definition

A grievance is an allegation by a Housestaff Officer or the CIR that there has been:

1. A breach, misinterpretation or improper application of the terms of this Agreement; or
2. A claimed violation, misinterpretation, or misapplication of the rules or regulations, existing policy, or orders of University Hospital affecting the terms and conditions of employment of Housestaff Officers.

C. Preliminary Informal Procedure

The parties agree that all problems should be resolved, whenever possible, before the filing of a grievance and encourage open communication between University Hospital and the Housestaff Officer so that resorting to the formal grievance procedure will not normally be necessary.

A Housestaff Officer may orally present and discuss a grievance with his or her Chief Resident, or with University Hospital's approval, an appropriate designee, who may, if the circumstances warrant, arrange an informal conference between the appropriate administrator and the grievant. The grievant may, at his or her option, request the presence of a CIR representative

during attempts at informal resolution of the grievance. If the Housestaff Officer exercises this option, the administrator may determine that such grievance be moved to the first formal step.

Informal discussion shall not serve to extend the time within which a grievance must be filed, unless such is agreed to in writing by the Director of Labor Relations.

Any disposition of a grievance by a Chief Resident will be subject to confirmation by an appropriate administrator.

D. Formal Steps

Step One

If the grievance is not informally resolved, the CIR must file a written request for review with the Director of Labor Relations within twenty-one (21) calendar days after the date on which the act(s), which is the subject of the grievance, occurred, or twenty-one (21) calendar days from the date on which the individual Housestaff Officer should reasonably have known of its occurrence.

The Director of Labor Relations, or his/her designee, shall review the grievance and, where he or she deems it appropriate, witnesses may be heard and cross examined, and pertinent records received. The hearing shall be held within twenty-eight (28) calendar days of receipt of the grievance, and the decision shall be rendered in writing to the Union within fourteen (14) calendar days following the conclusion of the hearing.

Should no hearing be held within the prescribed time, or should no decision be made within the prescribed time or should the decision reject the Union's grievance, the grievance may be submitted to Arbitration.

The subject matter of each Grievance shall be considered individually. When an individual Grievance is decided at Step I, the resolution or decision of that Grievance shall not constitute a precedent in any arbitration or other proceeding unless agreed to in writing by the Hospital and Union. However, this shall not preclude either party from introducing relevant evidence, including the resolution of the individual Grievance, as prior conduct of each party.

Step Two

1. CIR may appeal in writing the Director of Labor Relations' decision by filing a written demand for Arbitration with the New Jersey Public Employment Relations Commission within twenty-one (21) calendar days of receipt of the written decision. However, should the Hospital assert during Step One of the grievance procedure that the grievance is barred or waived by CIR's failure to follow procedures or adhere to the time limits specified in this Article, then CIR shall file for arbitration with the New Jersey Board of Mediation.
2. The arbitrator shall conduct a hearing and investigation to determine the facts and render a decision for the resolution of the grievance. The parties agree that the decision of the arbitrator shall be final and binding. The arbitrator shall neither add to, subtract

from, modify, or alter the terms and provisions of this Agreement or determine any dispute involving the exercise of a management function which is within the authority of the hospital as set forth in Article III (Management Rights). Arbitration shall be confined solely to the application and/or interpretation of this Agreement and the precise issue(s) submitted.

3. The arbitrator shall not substitute his or her judgment for academic or medical judgments rendered by the persons charged with making such judgments, nor shall the arbitrator review such decisions except for the purpose of determining whether the decision has violated this Agreement and, if so, to determine an appropriate remedy. A matter involving an academic or medical judgment shall be one that relates to the Housestaff Officer's acquisition of medical knowledge as well as the development of the clinical skills necessary to function as a Podiatrist. The fees and expenses of the arbitrator and recording of the procedure shall be divided equally between the parties. Any other cost of this proceeding shall be borne by the party incurring the cost.
4. Upon receipt of the arbitrator's award, corrective action, if any will be implemented as soon as practical, but in any event no later than thirty (30) calendar days after the receipt of the arbitrator's award, unless a party challenges the award within thirty (30) days. In the event such legal remedy is pursued, corrective action will be implemented no later than thirty (30) calendar days after final resolution by the courts.
5. Expedited Arbitration. Should either party assert that the grievance is barred or waived by the grieving party's failure to follow procedures or adhere to the time limits specified in this Article, the party shall file a separate Demand for Expedited Arbitration with the New Jersey Board of Mediation. The filing of a Demand for Expedited Arbitration based upon an alleged failure to follow procedures or adhere to time limits shall be made within 15 calendar days of receipt of the written decision from the Director of Labor Relations. The parties shall agree upon a list of 10 arbitrators from the Board's Panel of Arbitrators from which an arbitrator will be selected solely to hear expedited cases regarding a claim that the grievance is barred or waived.

Upon receipt of a request for Expedited Arbitration, the Board of Mediation shall submit simultaneously via email to the parties an identical list of seven names from the list of 10 arbitrators who are available for hearing within two months from the date upon which the strike list is due from the parties. Each party shall strike no more than three names from the list that it deems unacceptable and return the list to the Board within 10 working days of receipt.

Within five working days of being appointed, the Arbitrator shall provide the parties with available dates and the parties shall respond with their availability within five working days of notice of the hearing dates. The hearing shall be completed within one day. However, in unusual circumstances and for good cause, the arbitrator may schedule an additional hearing to be held within 14 days.

Summations shall be in writing, unless otherwise agreed to by the parties. Summations shall be due 14 calendar days from the date of the close of the hearing. An award shall be issued in writing by the arbitrator within 14 calendar days of the submission of the

summation briefs.

E. Procedural Rules

1. Time limits provided for in this Article may be extended by written mutual agreement of the parties at the level involved.
2. Where individual grievances concerning the same matter are filed by several grievants, it shall be the option of University Hospital to consolidate such grievances for hearing as a group grievance provided the time limitations expressed elsewhere herein are understood to remain unaffected.
3. If, at any Step in the grievance procedure, University Hospital's decision is not appealed within the appropriate prescribed time, such grievance will be considered closed and there shall be no further appeal or review.
4. Retroactivity for the correction of payroll errors shall not exceed two (2) years.
5. No adjustment of any grievance shall impose retroactivity beyond the date on which the grievance was initiated or the twenty-one (21) day period prior to the initiation of the grievance unless;
 - (a) otherwise mutually agreed to in writing by both parties; or
 - (b) CIR was unaware of the alleged violation and could not have reasonably been aware of the alleged violation upon which the grievance is based.

ARTICLE XV

DRUG AND ALCOHOL TESTING

1. The Hospital and the Union agree to maintain a safe, healthy and productive work environment for all employees, to provide thorough and effective patient care, to maintain the integrity and security of the workplace, and to perform all of these functions in a fashion consistent with our responsibilities to the communities which we serve. An employee who works or attends work under the influence of drugs or alcohol, or who refuses to take an alcohol/drug test when directed to do so pursuant to this Article, shall therefore be subject to disciplinary action up to and including termination.
2. Pursuant to these goals, employees will be required to undergo an alcohol/drug screening test in each of the following instances:
 - A. When the Hospital has reasonable suspicion, based upon the behavior or demeanor of an employee, to believe that the employee's ability to perform their job duties is impaired;
 - B. After an on duty accident if there is reasonable suspicion by management that impairment may have contributed to the accident and there was injury to anyone requiring medical treatment or lost time from work or property damage of over \$500;

and

C. _____ When any applicable federal or state law requires.

Reasonable suspicion assessments referenced in this Section shall only be made by supervisory or managerial employees that have been trained to identify the behaviors associated with impairment based on drug or alcohol use. If requested by the Union within 7 days of the drug or alcohol testing, the Hospital shall, within 7 days of receipt of such written request, provide a written explanation to the employee and Union describing the basis for the reasonable suspicion finding by management.

3. It is understood and agreed that the Hospital's failure to require an alcohol or drug screen in any individual circumstance shall not constitute a waiver of the Hospital's right to require such a screen in other circumstances. An employee required to submit to a drug/alcohol screening test under this policy shall report to the test site promptly upon being requested to do so and shall execute all necessary consent forms required.
4. Employee will be transported for testing, if necessary, by car service or other reasonable means of transportation, as determined by management. If requested by the employee, a CIR representative can accompany the employee to the testing site, so long as the CIR representative is available and does not cause an unreasonable delay in getting the employee to the testing site. Employees will be paid for the duration of their scheduled day or shift.
5. All drug and alcohol testing shall be conducted only by a certified laboratory. The Hospital will request split specimen testing for all drug and alcohol tests pursuant to this Article. The laboratory's inability to perform a split specimen test based on an insufficient sample shall have no effect on the Hospital's ability to take disciplinary action. Screening shall test for presence of alcohol, amphetamines, THC, cocaine, opiates, phencyclidine, barbiturates, benzodiazepines, methaqualone, methadone, propoxyphene, hallucinogens, inhalants, anabolic steroids, hydrocodone and MDMA. Should a Housestaff Officer test positive for any of the substances identified in this Section, they shall be given a reasonable opportunity to provide evidence that the substance was prescribed by a medical practitioner. However, the Housestaff Officer shall not be required to disclose the medical reason for which the substance has been prescribed.
6. The Hospital shall provide an opportunity for assistance to employees having a drug/alcohol problem that the employee voluntarily discloses. Any employee that voluntarily discloses a drug/alcohol dependency problem to the Hospital, prior to notification that a screening test is to be administered, shall be provided an unpaid leave of absence for drug/alcohol rehabilitation. Upon proof of successful completion of a rehabilitation program, the Hospital will reinstate the employee to an equivalent position in the same job title and at the same base pay as the position held by the employee prior to the leave of absence. Upon being reinstated, the employee shall be subject to random drug/alcohol screening for a period of two (2) years from the date of reinstatement. Should such employee subsequently test positive to a drug/alcohol screening test, the employee may be terminated, at the Hospital's sole discretion. The provisions of this Section shall be subject to the following:
 - a. No employee may utilize the provisions providing for the opportunity for assistance, as set forth above, more than once during their employment with the Hospital, unless

required by applicable law;

- b. The fact that an employee voluntarily discloses a drug/alcohol dependency problem to the Hospital does not preclude the Hospital from disciplining the employee for events that led up to the voluntary disclosure if the employee's actions were in violation of Hospital rules, policies or procedures. Any such disciplinary actions shall remain subject to the Disciplinary Action clause of this Agreement;
- c. Any leave pursuant to this Section shall run concurrently with FMLA Leave, if applicable;
- d. The maximum length of any leave of absence that will be provided to any employee under this Section shall be six (6) months, except where the employee is using their own accrued leave time beyond the six (6) month period. Any employee still unable to return to work after this period of leave may be terminated by the Hospital;
- e. An employee that is on a leave of absence pursuant to this Section shall provide written documentation, which provides an update on their status of their ability to return to work, every 30 days following the first day of such leave of absence. The written documentation must be from the facility where the employee is receiving treatment/counseling for his or her drug/alcohol dependency problem. An employee that fails to timely provide this documentation shall be subject to termination.

ARTICLE XVI

CRIMINAL BACKGROUND CHECKS

1. The parties recognize that the ability of University Hospital to perform criminal background checks on HSOs is necessary to maintain the integrity of the Hospital and therefore the safety and the security of all its employees and patients and the community. Therefore, University Hospital may at its discretion perform criminal background checks on HSOs. Such criminal background checks shall be limited to a search to determine whether the Housestaff Officer was subject to a criminal arrest or conviction. When the background check is conducted, it shall be conducted consistent with the requirements of the law. Should an HSO refuse to allow University Hospital to perform a criminal background check, that HSO may be disciplined, up to and including termination. When a Housestaff Officer is asked to consent to a criminal background check, the request shall be in writing. CIR shall be provided with a copy of the criminal background consent form.
2. In the event that a criminal background check reveals any criminal conviction which had not been previously revealed to University Hospital, there shall be a meeting with University Hospital and the HSO to discuss an appropriate action.
3. Criminal background checks will be kept confidential to the extent practicable. If there is a negative report, the HSO will be notified as required by law.
4. It is understood that a Housestaff Officer is presumed innocent of any pending charges for which there are no final dispositions indicated on the record. The appearance of pending charges on a Housestaff Officer's record shall not alone form the basis of a disciplinary action

against the Housestaff Officer. In addition, the appearance of criminal history information shall not be a basis to remove a Housestaff Officer from clinical duties unless the nature of the allegations are such that, if true, the Housestaff Officer would present a danger to the safety of patients and staff.

5. If it is determined that a Housestaff Officer has a criminal history record, the Housestaff Officer shall be notified immediately in writing and given seven (7) business days to confirm or deny the accuracy of the information.
6. Any background check performed on a House Staff Officer shall not include a check on his or her personal finances or credit history.

The decision to declare an "Inclement Weather Emergency" will be announced on the Hospital's intranet page, on the Inclement Weather hotline, and/or by any other reasonable means of communication. Once so announced, it is presumed that all employees are aware of the determination. Announcements of closing or "state of emergency" by any federal, state or local governmental agency will not pertain to University Hospital. Employees will be assigned at the sole discretion of the Hospital as either:

2. The determination as to which Category employees are assigned shall be made by the applicable department, in the sole discretion of the department. Employees shall be advised of their assigned Category in writing, and will sign an acknowledgment of receipt of the assignment information. This acknowledgment will be forwarded to Human Resources by the department for inclusion in the employee's personnel file. If an employee is not so advised in writing, the employee shall default to Category Red. When the department deems it necessary to change the designation, it must advise the employee of the change and obtain a revised signed acknowledgement from the employee, which shall be promptly forwarded to Human Resources.
3. If the Hospital declares an Inclement Weather Emergency, Category Red employees who have been asked to stay an additional shift to ensure coverage during weather emergency will be provided with either extra call pay or compensatory time to be determined by residency director. ARTICLE XXII

SAFETY

Whenever an employee observes a condition which he or she feels represents a violation of safety or health rules and regulations or which is an unreasonable hazard to persons or property, the employee

shall report such observations to the Residency Program Director and to University Hospital's Environmental Health and Safety Department.

No employee shall be required to work under conditions where there has been a determination on a reasonable basis of fact, that a hazard exists which endangers the employee. Such employee may be promptly assigned on an interim basis to another location doing comparable work which the employee is qualified to perform.

University Hospital will meet with the Union, on an as needed basis or in cases of emergency. On an as needed basis, the Union may submit in writing a request to discuss employment-related health and safety problems. The Union will provide a written statement, one week in advance, of the proposed agenda for said meeting. The Union's request shall not be unreasonably denied. University Hospital's representatives will include those authorized to address the particular area at issue. In cases of emergency, the Union shall contact Labor Relations to set up a meeting to discuss the concern.

It is understood that references to safety and health hazards and conditions of work referred to in this Article are not intended to include those hazards and risks which are ordinary characteristics of the work or are reasonably associated with the performance of an employee's responsibilities and duties. However, this is not intended to eliminate University Hospital's general obligation for the safety and health of such employees as set forth in other provisions of this Article.

The provisions of this Article shall be grievable under Section B 2 Article XIV.

ARTICLE XXIII

CONFERENCE REIMBURSEMENT

As HSO are representing University Hospital when they present at conferences, it is in the interest of University Hospital to support the scholarly pursuits of its employees. To that end, all Housestaff Officers who are presenting at a conference, shall be entitled to reimbursement for expenses related to said presentation. It is understood that related expenses be consistent with University Hospital's travel reimbursement policy and shall include but not be limited to travel, materials, registration fees, lodging and food. Reimbursement for additional related fees shall be subject to approval by the Residency Program Director.

"Presenting" is defined as the presentation of a paper to an audience as specified in the program or as a first author of a poster. The presenter will be reimbursed for only one presentation per poster. The "reimbursement term" would be the day before, the day of and the day after the conference. Exceptions can be made with the approval of the Residency Program Director in consultation and collaboration **with the Department Chair**.

All requests for presentation reimbursement must be submitted at least 1 month prior to the presentation. Requests shall not be unreasonably denied. The Residency Program Director and Department Chair make the final and binding decision.

The above shall not affect an existing practice in which a program reimburses for fees and expenses in addition to what is described. All policies are contingent upon adherence to CPME rules for duty hours as it relates to residents who remain on-site.

If the Housestaff Officer does not receive reimbursement within 45 working days from the date his or her complete submission of receipts for expenses, the Residency Program Director and the Chief Medical Officer shall be notified for follow up.
