CIR within seven (7) calendar days, and shall reply in writing to CIR no later than ten (10) calendar days after the appeal is filed with him/her.

Step III: If the grievance is not satisfactorily resolved at Step I or Step II, CIR shall either proceed, within twenty-one (21) calendar days after receipt of the Step II determination, to final and binding arbitration before a single arbitrator, pursuant to the Voluntary Labor Arbitration Rules of the American Arbitration Association or, by failing to arbitrate the issue, shall accede to the prior determination and waive all further rights hereunder.

3. Any of the foregoing Steps may be waived by mutual written consent of the parties. Should the individual charged with making a determination at Step I or Step II exceed a time limit without such consent then the grievance may be deemed denied and appealed to the next step.
4. Housestaff Officers shall be entitled to representation by CIR at all Steps of the grievance procedure.
5. The Hospital will allow time off to Housestaff Officers involved in grievance proceedings so long as such time off shall not interfere their duties and obligations to the Hospital or their academic training.
6. Any of the time limits in this Article may be extended by mutual written agreement of the parties.

Article XX

Disciplinary Procedure

1. There shall be no dismissal, demotion, suspension, probation (other than clinical) or non-renewal imposed against any House Staff Officer (hereinafter HSO) except for cause and after a hearing has been held on notice, pursuant to the procedures set forth in this Article. The Hospital will not withhold paychecks for disciplinary reasons. Whenever discipline or non-renewal is contemplated, written notice of the proposed disciplinary action shall be presented to the HSO. Following any disciplinary reassignment from duty, the HSO shall have the right to appeal in accordance with paragraph 5 of this Article.
2. The Hospital shall establish an ad hoc committee designated as the Interns and Residents Grievance Committee (IRGC) to deal with matters of discipline. No less than twenty-five (25%), and no fewer than two (2) physicians serving on the IRGC shall be comprised of Brooklyn Hospital HSOs selected by CIR. All other members of the IRGC shall consist of Brooklyn Hospital clinical faculty and program directors and/or designated individuals of

the Hospital. No member of an HSO's department may serve on the IRGC that will hear that HSO's discipline case.

3. The Hospital will attempt to arrange the work schedules of HSO's participating in IRGC hearings so as to permit reasonable time off. It is further understood and agreed that meetings of the IRGC are to be attended only by members of the IRGC, the HSO against whom discipline is proposed, and a CIR representative. Proceedings of the IRGC are to be kept in strict confidence.
4. It is understood that an HSO may be removed immediately from his/her duties, including barring an HSO from the Hospital premises, by a Department Chairperson or Senior Management of the Hospital without a hearing where his/her continued presence is deemed to be a risk or liability to the Hospital and/or its interests.
5. The HSO may, within fourteen (14) calendar days of the receipt of written charges, file a request, with the Chairman of the HSO's Department or the Designated Institutional Officer, for a hearing before the IRGC, which shall be scheduled within thirty (30) days after receipt of such request. If no such request is made, the notice of the proposed disciplinary action shall be considered final without further action.
6. If an HSO requests a hearing before the IRGC, the IRGC shall hear and evaluate all data related to disciplinary action and shall give the HSO a full and unimpaired right to present evidence. The IRGC shall make an expeditious determination of all matters thus appealed to it. The IRGC may decide to uphold, modify or reject the proposed disciplinary action and such decisions shall be determined by a simple majority of votes of the IRGC.
7. The decision of the IRGC regarding dismissal, demotion, suspension, or termination and/or non-renewal for reasons relating to clinical competence, professional medical judgment, academic progress and/or board eligibility will be final and is not subject to arbitration or appeal by CIR. A decision on a termination or non-renewal of an HSO for reasons other than clinical competence, professional medical judgment, academic progress and/or board eligibility may be appealed by either the HSO, or the Hospital for final and binding arbitration to the American Arbitration Association within thirty (30) days of the decision. Whether an issue is properly defined as "clinical competence, professional medical judgment, academic progress and board eligibility" may be submitted to arbitration by CIR as a threshold issue. If the decision is that the issue is arbitrable, either party may request that the underlying issues be submitted to another arbitrator as per the rules of the AAA.

8. The HSO shall have the right to have a CIR attorney during all phases of the disciplinary process, and the right to consult with the CIR representative. A CIR representative will have the right to participate in all phases of the disciplinary process. The Hospital, in the event that an HSO wishes to be represented by someone not affiliated with CIR (including but not limited to an attorney hired privately by the HSO) shall retain the sole discretion to decide whether said representative may attend or otherwise participate in any phase of the disciplinary process including an IRGC hearing and to reject such representative's attendance in any phase of the disciplinary process including at the IRGC hearing.
9. IRGC hearings related to clinical and patient care shall be considered an extension of the Hospital's quality assurance process. The Hospital and CIR agree that protecting patient care information and the integrity of the quality assurance process is of the utmost importance. Accordingly, the parties agree that any information related to patient care that is exchanged during the IRGC process shall be maintained in accordance with HIPAA regulations and State confidentiality laws and exchanged in accordance with the quality assurance protections under the Education Law and Public Health Law. Furthermore, a CIR attorney representing a HSO at the IRGC hearing, must agree to execute a Business Associate Agreement acknowledging that only the minimally necessary patient information shall be released in accordance with the HIPAA and state confidentiality laws and a confidentiality agreement recognizing the quality assurance materials exchanged at the IRGC hearing
10. Notwithstanding anything to the contrary, if a Governmental, State, or other accrediting or regulatory agency informs the Hospital; or if the Hospital determines through its own credentialing mechanism that there is reasonable doubt concerning the validity of a HSO's credentials, the Hospital reserves the right to immediately reassign and/or remove the HSO with pay or without pay, at the Hospital's sole discretion. The Hospital will notify the HSO of the specific issues or charges involved and shall provide all reasonably relevant and/or non-confidential documentation provided by the Governmental, State, or other accrediting or regulatory agency concerning the alleged credentialing problem, unless prohibited by law or regulation from doing so. Should the matter not be rectified within 30 days to the Hospital's satisfaction, the Hospital may seek suspension or termination of the resident. The resident may appeal such discipline to the IRGC in accordance with paragraph 5 of this Article. This provision shall not bar the Hospital from seeking to discipline a resident prior to the expiration of the 30-day waiting period where it has evidence that the resident has

engaged in fraud, or has made misrepresentations, or engaged in any inappropriate behavior with respect to his or her credentials.

Article XXI

Clinical Probation

1. Probation for clinical reasons may be imposed by the program director or Chair or Designated Institutional Officer or Chief Medical Officer if a HSO receives more than two overall unsatisfactory ratings from different supervising physicians on standard rotation competency evaluations during an academic year. Should a program director decide to place a HSO on probation he or she shall meet with the HSO to discuss the evaluations. The HSO shall have the right to challenge the evaluations and the program director shall take into consideration and follow-up on any issues raised by the HSO before implementing the probation and a remediation plan. Should the program director uphold the decision to implement the probation, he or she shall develop a remediation plan which shall contain an appropriate remediation program, a specified timeframe for the probation period, and specific criteria that the HSO must meet to successfully complete probation. At the conclusion of the probationary period, the program director shall review the HSO's progress with the HSO and shall decide to either discontinue, continue or modify the probation and remediation plan. The HSO shall receive written notification of the program director's decision.

Article XXII

Individual Contracts

1. Each Housestaff Officer prior to his/her employment at the hospital, shall receive a written contract not inconsistent with any of the provisions herein and the ACGME standards and curriculum. In the event the hospital, for reasons beyond its control, cannot meet its obligations above, it shall immediately notify the individual Housestaff Officer and attempt to make arrangements to provide a satisfactory substitute elective and/or rotation.
2. The form of individual contract presently used by the Hospital shall be furnished to the CIR/SEIU, and, if changed, a copy of any such changes shall be furnished to the CIR/SEIU prior to its use.

Housestaff Officers with contracts for less than twelve (12) months shall be given notice of non-renewal by the first day after the expiration of one-half (1/2) of the duration of such contract.

4. Where a Department needs more time to decide whether to renew a specific Housestaff Officer, the Housestaff Officer may be given a "conditional non-renewal" as below. The Housestaff Officer will be notified of such conditional non-renewal, in writing, by the dates specified in Section 3 of this article above. The conditional non-renewal will specify what aspects of the individual Housestaff Officer's abilities must improve in order for his/her services to be renewed. By February 15, a Housestaff Officer who received a conditional non-renewal will be notified, in writing, of whether his/her services will be renewed or non-renewed.
5. No Individual waiver by a Housestaff Officer of his/her rights under this Agreement shall be effective unless consented to in writing by the CIR/SEIU.
6. Recommendations of non-renewal shall be in writing and shall set forth the reasons for such non-renewal except for preliminary residents.
7. Each Housestaff Officer appointed to a training program of the Hospital shall be paid by the Hospital and the terms and conditions of his/her employment shall be governed by this Agreement.

The Hospital urges the prompt reporting of all incidents or alleged incidents of discrimination, harassment or retaliation, regardless of the offender's identity or position. Any Housestaff Officer who believes they have experienced such conduct or who have concerns about such matters is strongly encouraged to promptly file their complaints with the Senior Vice President,

4. Within a reasonable period from the signing of this Agreement, CIR members at Brooklyn Hospital Center will select their committee representatives as mentioned above.

1. The parties recognize the undesirability of excessive work hours for Housestaff Officers inconsistent with optimum patient care and high standards of training and will make every effort to resolve problems in furtherance of these principles. Housestaffwork hours shall be consistent

with the New York State Department of Health 405 regulations.

2. Wherever possible, changes in a work schedule shall be the subject of reasonable prior notice to the affected Housestaff Officer.

The Hospital shall issue the appropriate certificate to a Housestaff Officer within a month of each Housestaff Officer's satisfactory completion of his/her training program. The certificate shall prominently display the academic affiliation of the program.

Article XXIX

Malpractice Insurance

1. The Hospital will maintain professional liability insurance either through self-insurance or commercial insurance covering the Hospital and all Housestaff Officers, with total limits of no less than \$1,300,000 for each incident and \$3,900,000 in the annual aggregate.
2. The Hospital shall indemnify and hold harmless each Housestaff Officer against any and all liabilities, losses, damages, costs, and expenses of whatever kind, including attorney fees, arising from any professional liability claim or lawsuit, which they may incur by reason of negligent acts or omission committed or performed within the scope of their employment, studies, administrative or committee functions or responsibilities.

3. In the event any professional liability lawsuit is commenced against any Housestaff Officer for an act or omission as set forth herein, either individually or jointly with the Hospital, the Hospital shall notify the Housestaff Officer and defend such action at its sole expense and the Housestaff Officer shall cooperate with the Hospital in the defense thereof. The Hospital hereby undertakes to defend any professional liability lawsuit against any Housestaff Officer alleging any act or omission as herein provided and seeking compensatory damages, in whole or in part, in connection therewith, even if all or part of such allegations are groundless, false or fraudulent; and the Hospital shall pay in addition to any such damages which may be claimed against the Housestaff Officer, any reasonable expenses necessarily incurred by the Housestaff Officer in connection with the Housestaff Officer's cooperation with the Hospital in the defense thereof and all costs and interest taxed against the Housestaff Officer.

However, both the professional liability insurance coverage for the Housestaff Officer and the Hospital's obligations to defend and indemnify the Housestaff Officer set forth above are expressly conditioned upon the Housestaff Officer's full and continuing cooperation in the defense of any professional liability claim or lawsuit.
7. Each Housestaff Officer, while on rotation, shall be protected from professional liability claims and lawsuits by coverage and indemnification comparable to that provided in this Article, including protection from claims reported or lawsuits filed after completion of the Housestaff Officer's assignment to that institution. The Hospital shall require the affiliated institution to provide the Hospital with immediate written notice of any cancellation or lapse in professional liability insurance coverage applicable to the Housestaff Officer; and the Hospital shall promptly forward any such notice to CIR/SEIU and the affected Housestaff Officers. 8. Upon request, the Hospital shall provide the Housestaff Officer with a copy of the Declarations Page of the professional liability insurance policy in effect, or, in the case of self insurance, an equivalent summary of the coverage provided, together with a copy of this Article and a copy of any available Hospital Risk Management procedures.

12. In the event a department employing Housestaff Officers is outsourced to a new entity, and some or all of the Housestaff Officers continue to be employed at the Hospital, the Hospital shall require, as a condition of the outsourcing agreement, that the new entity expressly assume the obligations of this Article with respect to those Housestaff Officers transferred to the new entity's employment but working at the Hospital. The intent is to continue, without lapse, coverage the same as or substantially equivalent to the coverage contemplated by this Article.
13. If the Hospital and/or the attorney providing a defense to the Hospital perceive a conflict

of interest in representing both the Hospital and the Housestaff Officer, the Housestaff Officer shall be informed as soon as is reasonable. In that event, another attorney will be selected for the Housestaff Officer to be paid for by the Hospital.
